To whom it may concern

The IPI Diamond Parking Guidance System

We hereby confirm that the IPI Diamond Parking Guidance System has been installed at our Phoenix headquarters in Givatayim with over 250 bays being monitored.

The system has been running for over a year without any problems.

The system is fully functional, professionally installed and very accurate.

We have been monitoring the system and confirm that its accuracy is close to, if not 100%

We will most certainly consider the system for our future projects.

Kind regards
Blayer Yitzhak
Asset Manager.
